CENTENERA LISTS ON OTCQB

Vancouver, British Columbia - Centenera Mining Corporation. (the "Company" or "Centenera") - (TSXV: CT, OTC: CTMIF), announce that effective immediately, it has completed an upgrade in the USA from the OTC Pink® market to the OTCQB® market. The Company's trading symbol has changed from ATHCF to CTMIF.

About OTCQB®

The OTCQB® Venture Marketplace is for entrepreneurial and development stage U.S. and international companies. To be eligible, companies must be current in their reporting and undergo an annual verification and management certification process. These standards provide a strong baseline of transparency, as well as the technology and regulation to improve the information and trading experience for investors.

About Centenera Mining Corporation

Centenera is a mineral resource company trading on the TSX-V, under the symbol CT. The company is focused 100% on Argentina with three precious metals assets, a pegmatite asset and extensive exploration datasets. The Company's strategy is to acquire more high-quality mineral resource assets in Argentina. For more information on the Company's board of directors, management and assets, please refer to the Company's website at www.centeneramining.com.

Cautionary Note Regarding Forward-Looking Statements

Except for the statements of historical fact contained herein, the information presented on this website and the information incorporated by reference herein, constitutes "forward looking information" within the meaning of applicable Canadian securities laws concerning the business, operations and financial performance and condition of

Centenera Mining Corporation (“the Company”). All statements, except for statements of historical fact, that address activities, events or developments that management of the Company expects or anticipates will or may occur in the future including such things as future capital expenditures (including the amount and nature thereof), business strategies and measures to implement strategies, competitive strengths, goals, expansion and growth of the business and operations, plans and references to the future success of the Company, and such other matters, are forward looking statements. Often, but not always, forward looking information can be identified by words such as “pro forma”, “plans”, “expects”, “may”, “should”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates”, “believes”, “potential” or variations of such words including negative variations thereof, and phrases that refer to certain actions, events or results that may, could, would, might or will occur or be taken or achieved. Forward looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to differ materially from any future results, performance or achievements expressed or implied by the forward looking information. Such risks and other factors include, among others, operating and technical difficulties in connection with mining development, actual results of exploration activities, estimation or realization of mineral reserves and mineral resources, the timing and amount of estimated future production, costs of production, capital expenditures, the costs and timing of the development of new deposits, the availability of a sufficient supply of water and other materials, requirements for additional capital, future prices of metal, changes in general economic conditions, changes in the financial markets and in the demand and market price for commodities, possible variations in ore grade or recovery rates, possible failures of plants, equipment or processes to operate as anticipated, accidents, labour disputes and other risks of the mining industry, delays in obtaining governmental approvals, permits or financing or in the completion of development or construction activities, changes in laws, regulations and policies affecting mining operations, hedging practices, currency fluctuations, title disputes or claims limitations on insurance coverage and the timing and possible outcome of pending litigation, environmental issues and liabilities, risks related to joint venture operations, and risks related to the integration of acquisitions, as well as those factors discussed under the heading “Risk Factors” in the Information Circular (May 2014) and discussed in the annual management’s discussion and analysis and other filings with the Canadian Securities Authorities of the Company.

Shareholders are cautioned not to place undue reliance on forward looking information. The Company undertakes no obligation to update any of the forward looking information on this website or incorporated by reference herein, except as otherwise required by law.
